

### **Application for certification (initial certification):**

- Please complete and sign the relevant application form and return it to us:
  - **Voluntary certification according to ZG 321 for non-final materials (pre-products, intermediate products, constituent products):**  
according to Module B with audited test sample production:
    - ➔ Please use the form *GP33-FO40-CERT - Application for certification drinking water – pre-products, intermediate products, constituent products (ZG321 DWD)\_EN.pdf*
  - **Voluntary certification according to ZG 321 for formulations:**  
based on a formulation review:
    - ➔ Please use the form *GP33-FO41-CERT - Application for certification drinking water – formulations (ZG321 DWD)\_EN.pdf*
- Please also complete the following forms and attach them to the application:
  - **Formulation disclosure:**
    - ➔ For **organic materials** or **cementitious materials** please use the form *GP33-FO29-CERT - Formulation disclosure\_EN.dotx*
- If you would like to have a series of materials with variations in their formulation certified (e.g., variations in carbon black content, glass fiber content, or molecular weight of polymers):
  - Please submit a complete list of materials, including information about the corresponding variations in the formulation (e.g., in table form)
  - For each material a formulation disclosure is required

### **Amendment request for existing certificates:**

- To apply for changes to an existing certification, please complete and sign an amendment request and send it to us:
  - ➔ Please use the form *GP33-FO42-OFI - Amendment request for existing certificates (ZG321 DWD)\_EN.pdf* for this purpose
